

**Faces of You**

(Michael Dellger Steve Olschesky. Dave Steffen and Richard Colbath. Jr)

Ice -fire. truth. liar  
Warm senses, defenses  
Soul stealer. fate sealer  
Night player. heart slayer

Everyday the same runaround  
acting like a fool  
Tell me what I can do?

I remember when you said  
these were just a few of  
the faces of you.  
cool stranger. love changer Your secrets. my regrets

Chipping at my heart of glass tearing out my eyes  
With a love so untrue.  
I remember when you said  
these were just a few of  
The faces of you.

Caught in a sad whirlwind.  
a lonely race for time.  
Leaving me thirsty for  
one taste of the wine.
