

## **Hurry World**

( Keith Abler – Mike Dellger )

It's a hurry world  
go here, be there, now  
before me or 3:00  
a time-slotted, channel locked, quartz clock  
hurry scurry world.

It's a hurry world  
push-shove to meet the deadline  
before someone else.  
It's a hurry world  
and if you don't take what's yours  
you'll give it to someone else  
and worry about what you never found  
in a hurry world.

Say what you will  
but you know it's a thrill  
and you're not only in it for money.  
Work to play, it's ok  
it don't last anyway  
don't look back it's not that funny.

You recall memories  
none were ever really meant for you at all,  
and in loneliness  
you never saw happiness  
waiting for your call.
