

## **Show Me A Sign**

( Keith Abler )

It's not what it claims to be  
But love wasn't meant to be  
A game that we play  
And conveniently throw away

But every now and then  
There were times I remember when  
Hearing the words  
Couldn't make me feel more assured

Show me a sign  
Your silence is confusing my mind  
Throw me a line  
Tell me it's not too late  
Something to indicate  
Show me a sign

The song that is yours and mine  
The candle will burn down in time  
Tell me the truth  
Even if it separates me from you

The magic that love can weave  
Just like the air we breath  
So let me know  
Because everything comes and goes

Show me a sign .....
